

Newsletter – April/May 2010

The team at Support Staff hope you all had a great Easter and have been enjoying your work over the past few months.

Want to earn more money?

Working more hours = more income. To boost your weekly earning increase your availability and distance you want to travel. This allows allocators to have a clear picture of who is available to work even if you do not live in the area that the facility is located.

Would you like a \$30 voucher every week?

All candidates are entitled to a \$30 Coles Myer voucher once they work 32 or more hours in the same pay week. There are conditions that apply, so call us here at the office to discuss this in more detail if you think you're eligible. Otherwise, make sure you're working 32+ hours a week to score your voucher.

Refer a friend

We are still in need of RN's, EN's, Personal Care Workers and Hospitality staff. We have a great rewards scheme for anyone who refers a successful candidate. Some of our most valued staff have come from referrals. Conditions do apply so call us here at the office if you have someone in mind and want to earn extra cash.

Facebook fan page

Search for 'Support Staff' on Facebook to become a fan. The latest news will be posted on this page and also allow you to network with other Support Staff members. Share your thoughts about agency work and the experiences you have encountered.

Nursing & Aged Care update

Central bookings are currently receiving an increased amount of shifts as new facilities continue to book staff regularly. There have been a number of shifts that we are unable to fill in recent times, and because of this our recruitment team are currently looking for Experienced PCW's, Enrolled Nurses and Registered Nurses. As you are working in the industry you may come across outstanding staff which you can refer to us. As mentioned above, we have a very attractive and rewarding incentive scheme program which we can offer you now. So please contact us here at the office if you know of anyone who may want to experience agency work with Support Staff.

Hospitality update

We would like to welcome David Fishers – our newly appointed Hospitality Coordinator at Support Staff. He has had a number of years experience in the Hospitality industry and is very excited about being part of this vibrant industry again. Jessica Atterton will join David in looking after the recruitment process for our candidates – she will be your main point of contact. While David will be liaising with clients and ensuring that there is enough work to keep our Hospitality candidates busy and satisfied.

The benefits of agency work in the Hospitality industry is that you get to continuously develop your skills and experience all aspects that the Hospitality industry offers. David and Jessica look forward to meeting you all and are approachable at all times should there be anything you would like to discuss. Please see below for contact details.

Engineering & Industrial update

Engineering and Industrial workers are continuously in demand. Positions are filled very quickly and there is always view for permanency if candidates prove themselves worthy. We are seeking experienced boilermakers/welders and trades assistants. Leah is the key contact for this division at Support Staff. She is available at all times should there be anything you would like to discuss.

Please see below for her contact details.

Traineeships & Courses update

We still have a number of positions available for the Diploma of Nursing and Certificate III in Aged Care traineeships. If you are interested or know anyone that might be interested in developing their skills in the Aged Care industry please call the office and ask to speak to Tanya.

International Students Update

Our International students are currently undertaking a Diploma of Nursing (Enrolled). All students have excelled and are learning many valuable skills each day. Our International Coordinator, Kristy Howlett, thoroughly enjoys working with all students and will be working with students until the completion of their course. Kristy continues to offer outstanding cultural landscaping, pastoral care and support. SSA are now working on applications for October 2010 intake so if you know anyone that would like to undertake this diploma – please contact Kristy or Tanya.

Key Contacts
